TVA External Message. Please use caution when opening.

Jim,
As we discussed, ND has developed a draft application to the NRC under 10 CFR 50.80 for consent to transfer the Bellefonte construction permits and continuing their deferred plant status. We are working on completing final details of that application. It is our expectation that ND will submit the application directly to the NRC. We will reach out to TVA for any necessary support to satisfy 10 CFR 50.80 requirements for the application. We anticipate requesting expedited review from the NRC.
Tim
